

## Course Change Request

\*\*\* Courses will only be changed for the following reasons:

- Seniors missing a graduation requirement
- Missing a class period/lunch from your schedule
- Placed in the wrong level

Electives were scheduled based upon your first and second choice if possible- If those choices did not fit, an alternate was selected for you. Requests for elective changes will not be honored!!!!

Financial Literacy/Google is not available- American law/Economics or Consumer Math 2.5 credits were scheduled in its place to meet the state graduation requirement.

All New entrants will be scheduled before schedule changes will be made. If you have a legitimate request, you must sign up to see your counselor during your lunch or after school. (Do not ask to leave class to see your counselor)
