

## **Project Success 2020-2021**

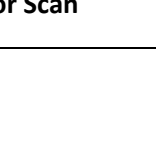

Due to our schedule this school year, project success will be **virtual**. To sign up for project success, please fill out the sign up form for the subject you would like to attend. To access the form, click the appropriate link on the right side of the schedule (located on the next page) or scan the appropriate QR code to be taken directly to the form. One of the teachers on the schedule will send you an email with the Google Meet link you will use to meet with them.

### What is Project Success?

Project Success is a tutoring program that is available to **all** students immediately after school, Monday-Thursday, from 2:10 to 3:00. Project Success provides students with focused, individualized instruction in order to strengthen academic skills and ensure success. Sessions include instructional support in all areas of Math, English, Social Studies, Science, and Foreign Languages. Students may choose to attend Project Success sessions for extra help, or may be recommended to the program by teachers, guidance, or administration. More information is available in the Guidance Office or by contacting Mr. Fisher.
